

## The Best Babysitter in SAFE SITTER!

Thank you for your interest in the Safe Sitter Babysitter program offered by Chilton Memorial Hospital. Safe Sitter is a medically accurate, hands-on class designed for girls and boys ages 11 to 13.

Young children cannot always communicate their needs to protect themselves. A babysitter must be able to manage whatever situation arises. The nationally recognized Safe Sitter program teaches sitters how to handle life-threatening emergencies when caring for younger children.

Class topics include:

- What to do if an infant or child chokes
- Injury management, first aid
- When and how to call for emergency help
- Basic child care skills
- How to entertain children and keep them safe
- Preventing problem behavior

## Safe Sitter Student Contract

The Safe Sitter course is a medically accurate child care development program for 11 to 13 year-olds. Safe Sitter teaches you the skills you need to safely care for children — infants through school age. We want your Safe Sitter class to be a positive experience for you! We want you to know what to expect from us when you take the class and we want you to know what we expect from you. With those points in mind, please read the following ground rules for the Safe Sitter class.

1. **Attendance.** There is a lot to learn in a fairly short time so it's important to be on time, and stay until the end of class. If this is not possible, you should reschedule for another class.
2. **Respect for property and equipment.** The class will be fun and the atmosphere relaxed if students remember that the space and the equipment must be treated with respect — no running, rough play, loud noises.
3. **Respect for others.** You have a great opportunity to meet new people and develop friendships. We will expect you to think of the feelings of others — no teasing or put-downs.
4. **Keeping track of your materials.** Dr. Patricia Keener, the pediatrician who started the Safe Sitter program, wrote your Safe Sitter manual. Not only will you use it during the class, you will want to take it with you when you baby-sit. Please write your name on your manual. Since you will use it around children, make sure that any drawings or writings you put on your materials are appropriate for young children.
5. **Emergency contact.** It is important for your parents to be able to reach you in case of an emergency. The emergency contact number for the classroom is (973) 831-5475. Please turn off any noisemakers such as cell phones during class.

Safe Sitter classes are always lots of fun for everyone. The ground rules are meant to help guarantee that fun. Please consider these rules and sign below if you are willing to abide by them.

I understand the importance of Safe Sitter's ground rules. I agree to follow them in class.
