

End the agony of waiting

See a Chilton Memorial Pediatric Emergency Doctor in about 20 Minutes, 24/7

Our unique Pediatric Emergency Department is separated from our regular emergency department and devoted just to children.

- Staffed by pediatric emergency doctors who will see your child within approximately 20 minutes from time of registration—so you won't have to worry about waiting
- For childhood emergencies from appendicitis and asthma attacks to serious fevers and sports injuries
- From newborns to 21-year-olds
